 TERMS OF REFERENCE FOR BPAs SET UP FOR SUPPLY OF BUSINESS START-UP KITS FOR CAREGIVERS

Introduction to Pact and ACHIEVE Project

Pact is an international nonprofit that works in nearly 40 countries building solutions for human development that are evidence-based, data-driven, and owned by the communities we serve. Our vision is thriving, resilient and engaged communities leading their own development. Founded in 1971, Pact works with partners to build resilience, improve accountability, and strengthen knowledge and skills for sustainable social impact.

We are a recognized global leader in creating social impact. Our staff have a range of expertise in areas including capacity development, public health, governance, and civil society, climate change adaptation and mitigation, energy, women's economic empowerment, fragile states, artisanal and small-scale mining communities, monitoring and evaluation, microfinance, and more. Visit us at www.pactworld.org.

ACHIEVE is a five-year project funded by the President's Emergency Plan for AIDS Relief (PEPFAR) through the United States Agency for International Development (USAID) and implemented by a Pact-led consortium of top global HIV/AIDS partners, including Jhpiego, Palladium, No Means No Worldwide and WI-HER. ACHIEVE collaborates with the Government of Tanzania and Local Implementing Partners (LIPs) to implement the Economic Strengthening (ES) interventions.

The ES interventions aim to ensure that parents and caregivers have the financial resources to meet the needs of vulnerable children and adolescents by increasing OVC Households' capacity to cope with the effects of the various risks they face and thereby improve their resiliency to future shocks. The ES interventions include linkage to Provisional support for destitute households, establishment, and management of savings and lending groups for OVC caregivers, linkage to technical and business skills training, Provision of business startup kits to most needy households, and linkage of producers with markets for their products. In 2022, Pact Tanzania will provide business startup kits to individual caregivers of 0-5 children.

The Objective of the Assignment

The overall objective of this assignment is to solicit an eligible and the most economically advantageous supplier to be issued a BPA for the supply of business startup kits to 300 caregivers across councils of ACHIEVE Project implementation.

Vendors can apply to one or more lots listed below. Please note that an application to more than one lot requires a separate and complete submission, including the requirements listed below.

**Financial Standing (**)**

Bidder must demonstrate the current soundness of its financial standing and indicate its prospective long-term profitability.

| Audited Financial Statements for last 2 Years |

**Detailed Technical and Financial Evaluation**

The technical and financial parts will be evaluated on a merit point/scores system

**Format of Technical Bid (Weight = 80%)**

All Vendors who will score equal to or above the total average score will be selected for the next stage.

The Bidder's Bid should be organized to follow this format of the Technical Bid. When the bidder is presented with a requirement or asked to use a specific approach, it must state its acceptance and describe how it intends to comply with the requirements. Where a descriptive response is requested, failure to provide the same will be viewed as non-responsive.

**SECTION 1: Bidder's qualification, capacity, and expertise**

1.1 General organizational capability is likely to affect implementation: management structure, project management controls, and the extent to which any work would be subcontracted (if so, provide details).

*Support Document Needed: Updated Organizational Structure*

1.2 Relevance of specialized knowledge and experience on similar engagements done in the region/country.

*Support Document Needed: A clear methodology of how the vendor will successfully deliver the required quantities per the specifications. The lead time MUST be indicated.*

**SECTION 2: Scope of Supply, Technical Specifications, and Related Services**

This section should demonstrate the Bidder's responsiveness to the specification by identifying the proposed components, addressing the requirements point by point, providing a detailed description of the essential performance characteristics proposed, and demonstrating how the proposed bid meets or exceeds therequirements/specifications. All essential aspects should be addressed in sufficient detail.

2.1 Conformity of goods to be supplied if they meet technical specifications provided.

*Support Document:
  1. List of items to be supplied with their full technical specifications.
  2. Sample Packaging and packing
  3. Warranty consideration.
  4. The vendor should submit/state its daily production capacity and estimated delivery SLA.
  5. The vendor should submit a work plan showing how the contract will be executed within an estimated timeline.*
Financial Capacity Evaluation (Weight = 20%)

Bidders must attach copies of two (2) consecutive years of current audited financial statements (balance sheets, cash flow statements, profit and loss statements including all related notes, etc.) for the years required above, complying with the following condition:

- Must reflect the financial situation of the Bidder or party to a JV, and not a sister or parent company.
- Historical financial statements must be audited by a certified public accountant, signed, and stamped.
- Historical financial statements must correspond to accounting periods already completed and audited. No statements for partial periods shall be accepted.

Quotation Cover Sheet

Price comparison shall be based on the landed price, including applicable taxes, transportation, insurance, and other related costs (including customs duties, shipping, special packaging, etc., where applicable.)
